AFTER THE VOICE

Rosie: I QUIT!

FOR THE
SECOND TIME, THE
HOT-TEMPERED
HOST IS WALKING
OUT OF *THE VIEW*...
AND HER
MARRIAGE.

ROSIE O'DONNELL is doing some early spring cleaning. The *The View* cohost stunned fans when she announced that she was not only quitting the spiraling chat show but leaving her second wife as well...in a bid to reduce stress.

But while her partner, **Michelle Rounds**, may be reeling from the split, an insider says that no one at *The View* is sad to see Rosie go. "Rosie is an absolute control freak," says the source. "She couldn't handle that **Whoopi Goldberg** got to be the moderator when **Barbara Walters** left, and there's been tension between them since day one."

Rosie also butted heads with network execs and often acted like *she* was the boss instead of the other way around.

"She could never understand that this wasn't *The Rosie O'Donnell Show*," continues the source, recalling the fireworks that went on when ABC tried to axe her friend **Rosie Perez**. "Rosie went on the air, saying that Rosie P. *wasn't* fired, so producers had to bring her back — for now. And that's par for the

course for Rosie. She'll disagree with some decision, and then all hell will break loose."

But the way the 52-year-old comic tells it, it's *The View* that's doing the bullying, not her.

"I'm having a lot of stressful situations in my family life at the moment and having stressful situations in my work environment, so something had to give," she said recently.

Staffers at *The View*, however, say that when it comes to anxiety and tension, Rosie has a lot of nerve pointing the finger at anyone but herself. "She is the reason the set is so stressful!" says the insider. "She loses it about everything. She's just a nightmare." ★

MAYBE the devil really does wear Prada. That's certainly the sentiment going around the Creative Artists Agency offices when **Reese Witherspoon** drops by. "Reese is anything but sweet," says a source inside CAA, where Reese's husband, **Jim Toth**, is a high-powered agent for stars like **Sofia Vergara**, **Jared Leto** and **Scarlett Johansson**.

But while the CAA crew is accustomed to their fair share of A-list visits, Reese is the only one making employees scatter with her icy attitude. "The staff are terrified of rubbing her Reese the wrong way, so they bend over backward to please her!" admits the insider, revealing that the *Wild* star always likes her favorite brands of tea, bottled water and juice to be on hand. But don't expect to receive a please or thank-you. "She won't ever take off her sunglasses, because she doesn't want anyone to make eye contact."

And if you think her husband is immune to her immense ego, think again. "He doesn't want his coworkers to see it, because he's such a bigwig," says the tipster. "He wants the staff to think that he has the upper hand, but it's obvious she wears the pants." Despite being called America's Sweetheart, Reese herself has sniped that the moniker couldn't be further from the truth. "I certainly didn't self-identify as anyone's sweetheart," she remarked in an interview. "I'm friendly, but I don't think I'm sweet." There's an office full of agents who would agree! ★

"CAA staffers aren't thrilled when Reese drops by to visit Jim," whispers an insider.

CRUEL INTENTIONS?

MEAN GIRL REESE SENDS STAFFERS RUNNING!

AMAL'S DIVA BEHAVIOR

After snagging Hollywood's most eligible bachelor, **George Clooney's** wife, **Amal**, became the luckiest woman in the world — and also the snootiest! Once seemingly down-to-earth, the legal eagle, sources say, has let marrying into the A-list go to her head. "If the service at hotels and restaurants isn't perfect, she complains to the staff and is a nightmare to be around in general," tattles an insider, adding that Amal flips out over things like towels not being folded just so and the pillows not being perfectly plumped. "She thinks she's royalty." But it's not just hotel employees cringing at her behavior. "George prides himself on treating people with common decency and is a little taken aback with this side of Amal's personality," adds the tipster. "He's having to walk behind her and apologize for her actions... but he won't do that forever." ★

Most sisters fight over clothes, but the Jenner girls are putting the "war" in wardrobe! Ever since **Kendall Jenner's** modeling career took off, the almost daily delivery of free clothes makes **Kylie** feel like the sister that swag forgot. "Kylie thinks it's unfair because she loves fashion and Kendall is actually kind of a tomboy unless she's on the red carpet," dishes a family friend. "Even **Kim** has confessed to taking style tips from Kylie!" But that doesn't mean Kendall is generous with her designer duds. "They've gotten into huge screaming matches about Kylie wearing her stuff without permission," says the spy, adding that the fashion feud has gotten so bad, Kendall has taken to giving away outfits to friends, just to spite her little sis. "She's so fed up with Kylie stealing her stuff," adds the insider. "And the funny thing is, Kendall would lend Kylie her clothes if she weren't such a brat about it." ★

RYAN GOSLING BOLTS FROM BIEBER!

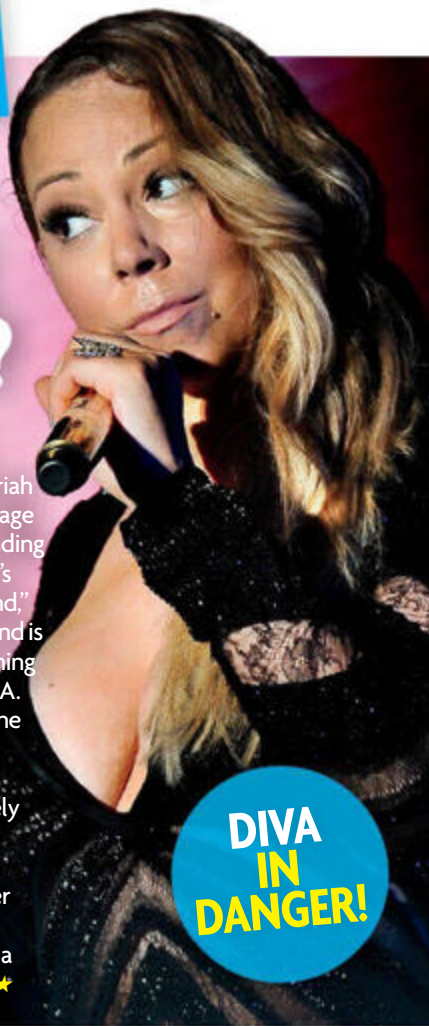

Orlando Bloom isn't the only celebrity who isn't a fan of **Justin Bieber**. A witness tells *Star* that **Ryan Gosling** "flipped out" when Justin and his rowdy 18-person entourage stormed into L.A.'s trendy Urth Caffé, where Gosling was having lunch. "Ryan literally ditched his food and ran out of the place to avoid him," says an eyewitness. "He didn't want to be anywhere near Justin or the chaos he was creating."

The fiercely private actor was so desperate to get away from the Bieber fever that he even sought refuge in a nearby furniture store! "He asked the staff to let him hide and hung out in the back for five minutes, until Justin got his takeout and left," recalls the witness. "The last thing he wanted was to have to talk to Justin Bieber!" ★

MARIAH BACK TO THE PSYCH WARD?

It's no secret that Mariah Carey's famous voice is on the fritz, but now it seems her mental health is in jeopardy as well. In early February, a video of Mariah failing to even lip-sync along to her own songs onstage at the Jamaica Jazz and Blues Festival went viral, sending the diva into a severe downward spiral. While Mimi's rep denies any problem, "she's gone off the deep end," says a source. "She's panicking that she's 'doomed' and is terrified she won't live up to the hype of her upcoming Las Vegas residency." In 2001, Mariah landed in an L.A. psychiatric ward, and as *Star* previously reported, the singer has been downing prescription cough syrup, which is dangerous when combined with alcohol. And her recent divorce isn't helping. "She's extremely emotional and cries uncontrollably. She still loves Nick but knows he's gone," continues the spy. "She feels like she's directionless and not in control of her life. Someone needs to stage an intervention before there is a repeat of 2001...or worse." ★

BACHELOR CHRIS' BEDROOM SECRETS!

The *Bachelor* star **Chris Soules** isn't only handsome, charming and successful — he's amazing in bed to boot! Show insiders reveal that the fantasy suite dates lived up to their name, thanks to the hunky farmer's sexual prowess. "He is an extremely passionate person and is very skilled when it comes to pleasing a lady," tattled an on-set insider. "He knows all the right tricks — and is very well endowed!"

And while Chris has been catching flak for kissing just about every girl on the show, the star recently defended his sexy ways. "I know I've maybe kissed more girls at this point than the average *Bachelor*, but I was taking things seriously," he said. "Isn't kissing a huge part of any romantic relationship?" Sounds like practice made perfect! ★

FALLING STARS

KELLY CAN'T STOP EATING

If you're planning to eat your feelings on Valentine's Day, **Kelly Osbourne** is one step — and a few bites — ahead of you.

Depressed over a string of failed romances, the *Fashion Police* host has been packing on the pounds at an alarming rate. "Kelly's love life has been terrible, and it's really affected her confidence," says a pal. "She's been comfort eating, boozing and not exercising at all, but she pretends she doesn't care. She says she wants to rebel against the image-conscious world of Hollywood." But her friends say that deep down, she's kidding herself. "Kelly's packed on at least 15 lbs.," adds the insider. "She keeps saying she'll get back on a healthy diet, but she always finds a reason to postpone." ★

KATE HUDSON

HOSTESS WITH THE MOSTEST

If that acting thing doesn't work out, **Kate Hudson** can always land a job at a restaurant. On Jan. 29, at L.A.'s Sunset Tower Bar, a pair of tourists mistook a casually dressed Kate for a hostess and asked to be shown to their table! But while some celebs would hit the roof faster than you can say, "Don't you know who I am?!" Kate played along! "She picked up some menus and asked the group to follow her, before the real hostess saw what was happening," recalls the witness. "Kate was laughing her tail off!" ★

Blake & Miranda's SEX TAPE SHOCKER!

The couple are worried
that their steamy
webcam sessions
could be leaked.

BLAKE SHELTON and Miranda Lambert know how to keep their marriage hot, but they may not know how to keep it safe. According to sources, the couple have been engaging in X-rated Skype sessions while Miranda's been away on tour, and now she's suddenly sick with worry that their computers may have been hacked. "Miranda is freaking out," says an insider. "It would be a nightmare."

The "Somethin' Bad" singer, 31, and the *Voice* coach, 38, who tied the knot in 2011 after six years together, recently started using the Internet to put the spark back

into their relationship. As *Star* previously reported, the duo have been on the rocks since early 2014, facing multiple infidelity rumors and, most recently, ignoring each other at the Country Music Association Awards in November. "They realized they needed to do something, since they're apart so much," says the pal.

And now that things have gotten back on track, the couple fear it could all come crashing down again. Miranda, who is on her Certified Platinum tour until early August, recently disappointed her hubby when she put an end to their digital dates. "It only just dawned on her

that Internet security may not be good when you're constantly staying in hotels," says the source. "She worries that other guests can hack into her computer and see what she's up to."

To make matters worse, the blonde beauty is even more paranoid after Hollywood's massive iCloud scheme last August, which resulted in nude photos of major stars, including **Jennifer Lawrence**, hitting the Web. "Blake thinks Miranda is being a little too cautious," continues the pal, "but she's not taking any chances. It would be the most humiliating moment of her life." ★

Taylor & Hozier

DATING!

Taylor Swift has found herself a lucky charm. Sources reveal the “Style” singer, 25, has been quietly pursuing “Take Me to Church” musician **Hozier**, whose real name is Andrew Hozier-Byrne. The Irish singer, 24, has been on the receiving end of Taylor’s affections for a while now, and pals say she only recently won him over. After tweeting in August how much she liked his music, the blonde beauty attended one of his concerts in October before inviting him over to her house for an intimate date. “Hanging out with Taylor as she was baking cookies for her fans was as surreal and wonderful as you’d imagine,” Hozier gushed. “She’s a very impressive human being.” Taylor even hinted at her romantic status on Feb. 8 at Sam Smith’s Grammys after party, where eyewitnesses say they were cuddling with each other all night. ★

Harry Styles just received the ultimate birthday present: a new roomie! The One Direction heartthrob, who’s been dating Austrian model **Nadine Leopold** since November, celebrated turning 21 earlier this month by asking the blonde beauty to move into his Beverly Hills home. “Nadine couldn’t have said yes fast enough,” gushes a friend of the couple. “She’s based in New York for modeling, but she’ll shuttle back and forth.” And pals say Harry, who’s romanced everyone from **Kendall Jenner** to **Taylor Swift**, seems to have finally met his match in Nadine, also 21. “The effect she has on him is really refreshing,” continues the source. “The look on his face when he’s with her says it all.” ★

The couple, who have been married for nearly seven years, have their inner circle buzzing that baby No. 2 is on the way. “She hasn’t been drinking alcohol for a while,” dishes a close source. “She’s also been extremely conscious about eating all organic, healthy foods.” Indeed, the “Drunk in Love” singer, 33, recently launched a vegan and gluten-free meal delivery service with her trainer, **Marco Borges**, called 22 Days Nutrition. And in addition to her healthy eating habits, Beyoncé was also showing signs of a baby on board while attending the Grammy Awards in L.A. on Feb. 8. The singer wore two all-black ensembles and stayed close to Jay, 45, while strategically covering her belly for photographs, and did a low-key performance of “Precious Lord, Take My Hand” while standing still on a pedestal. “They won’t tell anyone until she’s three months along,” says the pal, “but they’re so excited.” ★

CATHERINE ZETA-JONES and Michael Douglas won't go down without a fight. The couple, whose marriage has been on the rocks for well over a year, have been laying low for the past few months in an attempt to convince the world their 14-year union is back on track, but family sources say it's still very much in turmoil. "They're starting to come to terms with the realization they're better off apart," dishes an insider. "The spark seems to have gone completely. They've tried, but I don't know what else they can do." Catherine, 45, and Michael, 70, who are the parents of Dylan, 14, and Carys, 11, are no strangers to trouble. Four months after the actress sought treatment for her bipolar disorder in April 2013, the couple decided to separate. The brunette beauty moved out of their New York City apartment before reconciling that November. But despite their unraveling romance, friends say splitting up is not an option. Drama At The Marmont

After their public blowup, Jessica pushed her way into the front seat of their chauffeured car, while a visibly injured Eric rode in the back. "They'd both been drinking, but alcohol wasn't the main issue — another woman was," says an eyewitness. "Jessica was screaming at him. She got very emotional and called him a pig."

**THE SCENE
OF THE FIGHT**

IMAGE IS!

WITH their two children tucked into bed and a driver on call, **Jessica Simpson** and husband **Eric Johnson** were supposed to be enjoying a romantic date night at West Hollywood's Chateau

Marmont on Feb. 5. But just a few hours after pulling up to the A-list hotspot, the couple stormed out after causing a violent scene in the hotel's lobby.

Witnesses reported seeing Jessica screaming at her husband, and cameras captured Eric collapsing into their chauffeured car with a bloody gash on his nose. So what happened to sour the romantic mood of their outing? *Star* has the inside scoop on the couple's startlingly public blowup, which has friends and family members concerned that Jessica and Eric's seven-month marriage is already on the brink of collapse.

THE FIGHT TO END ALL FIGHTS

According to friends, Jessica, 34, and Eric, 35, prepared for their rare kid-free night out by having a few drinks at home. "That's why they had someone drive them," says a source. So once they arrived at the Marmont, they were feeling relaxed and festive. "They were actually really enjoying themselves during dinner, but that all changed after a few drinks," says the insider, "because Jessica saw Eric exchange glances with another woman."

The "other woman" was a pretty brunette sitting at a table behind Jessica. When the pop star turned fashion mogul noticed her husband smiling in that direction, she turned around to see who he was looking at. "Her mood changed instantly," the source says.

"From that point, it was clear things weren't going to end well."

While they managed to finish their meal in a civilized manner, when Eric got up to go to the

bathroom, all hell broke loose. "He was taking a long time. Jessica was tapping her foot and getting really impatient," the insider reports. "She was trying to distract herself by looking at her phone and sipping her drink. But after about five or 10 minutes, she grabbed her purse and went looking for him." What she found sent her into a jealous rage.

"Eric was chatting with the cute woman Jessica had seen him looking at — and he had his phone out too, as if he was getting her number," the source reveals. "Jessica walked straight over and snatched it out of his hand. Needless to say, the brunette left immediately."

Things quickly went from bad to worse: Jessica unleashed a torrent of verbal abuse on her husband

as he desperately tried to explain himself. “She went crazy,” says an eyewitness. “She was like a woman possessed!” When the couple emerged from the hotel, Eric sported a nasty cut on his nose — which the source claims came courtesy of Jessica’s designer bag hitting him across the face!

Clearly mortified as blood glistened on the bridge of his nose, Eric turned and tried to leave. “The hotel is really small, and she was making a scene,” the spy adds. “But she powered after him.” Their screaming continued outside, near the valet stand, in front of several hotel guests.

“Jessica looked distraught. It was 1 a.m., and Eric was drunk,” says another eyewitness. “When their car came, Jessica jumped straight into the front seat and he fell into the back.” The couple’s explosive argument — and Jessica’s vicious purse slap — kept everyone at the Chateau Marmont talking for the rest of the night. “I dread to think what that car journey was like,” the witness adds, “and what happened when they got home.”

PUNCH DRUNK

This isn’t the first time Jessica’s fiery temper has threatened her marriage.

Strained Relations

Eric and Jessica have been fighting for months, according to friends. “It’s getting tiring for Eric,” says one source. “He’s always known that Jess has a temper, but living with it isn’t easy.”

Just four months after their fairy-tale July 2014 wedding, *Star* reported the couple were sleeping in separate bedrooms and fighting nonstop. “They’re not having much sex,” an insider revealed.

“Eric is getting to his breaking point!”

— a friend tells *Star*

Work Hard, Play Hard

Eric has carried a drunken Jessica out of nightspots several times since 2011 (pictured). “Fun and cocktails go hand in hand for Jess,” says a friend. “But she can’t handle her alcohol anymore, and it’s led to arguments.”

It seems that alcohol often plays a role in their fights — especially since Jessica lost the last round of pregnancy weight, thanks to her strict diet and exercise regimen. “She’s absolutely tiny now, but she still thinks that she can drink like she could when she was at her heaviest. Her body just can’t handle it,” says a family friend. “Eric likes a drink too, but he’s twice her size. And the more they drink, the more belligerent and jealous

THE EX FILES

Part of the reason Jessica reacts so harshly when Eric talks to other women may be her bad memories of ex-husband **Nick Lachey**’s flirtatious ways. Back in 2005, *Star* reported that Nick got “touchy-feely” with a beautiful woman at a pre-Super Bowl bash, then cozied up to a bevy of beauties at an event the following night. But it’s possible that Nick was just acting out after bearing the brunt of one of Jessica’s temper tantrums the previous week — when she reportedly locked him out of the house after the wrap party for her film *The Dukes of Hazzard*. (She’d headed home at 1:30 a.m., while he returned at 4:30.) “She pouted and whined her way through that marriage until it destroyed what they had — to the point where their breakup got really ugly,” an insider says. “And now she’s threatening to do it all over again with Eric.”

she becomes. It's causing trouble."

Indeed, Jessica has been known for overdoing the alcohol on occasion when she's out on the town. During their joint bachelor and bachelorette party at Warwick nightclub in June 2014, Jessica had to be propped up by her then fiancé as she tottered out of the Hollywood hotspot looking the worse for wear. And back in 2011, she got wasted at Katsuya restaurant by sipping sake after a reported detoxing cleanse. "She loves a drink," another insider says. "Before she had kids, Jess was often out having a lunchtime cocktail or a glass of wine. It wasn't as if she got blind drunk in the daytime, but she was known for letting loose when she could."

Now that she's a mom — of daughter Maxwell, 2, and son Ace, 1 — and running a billion-dollar clothing empire, Jessica has little time to herself. So, friends say, after the kids are in bed, she often tries to unwind with a glass of wine, and that's when tensions inevitably bubble up. "She'll pick fights with Eric, and he's getting sick of it," the insider says.

"He loves her, there's no doubt. But he just wants to enjoy being with her without any aggravation. He's getting to his breaking point!"

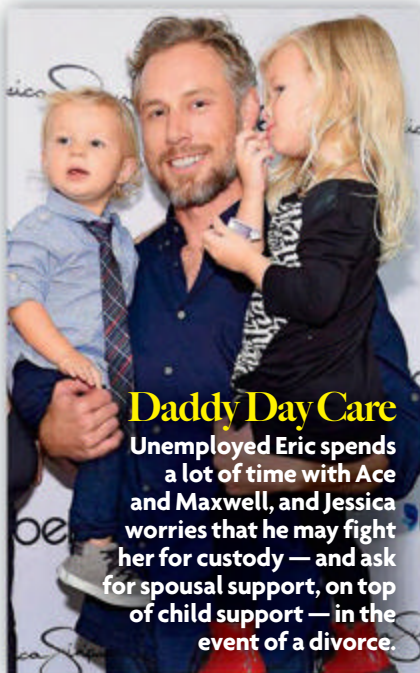

IS IT OVER?

While alcohol may fan the flames of tension in their marriage, those tensions stem from deeper issues between Eric and Jessica. The actress/singer/retail mogul has long since grown tired of ex-NFL player

Eric's seeming disinterest in finding work — a subject that often comes up in their fights. "Jessica has told Eric that he needs to focus on getting a job. She says his daily routine consists of watching television, playing golf with his buddies and partying at night, and that's made her lose respect for him," says her friend. "He hasn't worked since before they even got together, in 2010. It's as if he's given up on the goals he had when he

PERFORMER ANXIETY

On top of running her fashion empire — and managing her troubled home life — Jessica is reportedly planning to relaunch her music career this year, which has Eric seeing red. "He thinks Jess is too busy as it is, and committing herself to music will mean she won't have time to properly care for the kids," says a source. "Eric believes it's important for Max and Ace to grow up with both parents. He doesn't want to take care of them alone or have them in the constant care of nannies while their mom is on tour." But Jessica is hurt by her husband's lack of support. "This is something that makes her happy. She's been involved with music all her life — long before she met Eric," the insider says. "She knows what it takes and believes she is more than capable of balancing her family with her music career."

left football because he realizes he's set for life now. She's so sick of it, she's always trying to get him to do something. But he thinks she's nagging him and says her 'control freak' tendencies are a turnoff."

Fighting about these issues at home is one thing; getting into a raging screaming match and physically attacking your husband in public is quite another. Even though Eric may have been in the wrong by apparently flirting with another

woman, insiders say that Jessica is the one who crossed the line. "She's a 'go big or go home' sort of girl, which is great for business...but not so great for her marriage," her friend explains, noting that Jessica's volatile behavior could nullify her prenuptial agreement. "Her friends don't want to see her lose everything if things go south with Eric. Everyone is begging her to get her jealousy under control and to refrain from acting crazy, for her own sake."

Still, Jessica is terrified that Eric might cheat, and even though that would give her leverage in a potentially nasty divorce battle, the mere thought of her husband with another woman makes her livid. "Jessica worries that if he can look at and chat with another woman while she's right there, what could he do when she's not around?" the insider says. "Her work and kids take up a huge amount of time, and she wonders what he does when she isn't there."

And while insiders say that Eric has expressed willingness to work out their problems in the past, this blowup fight showed him just how unpredictable his wife can be, and he's not sure how much more he can take. "The problem is, she can't control her rage, and this latest incident has left him embarrassed and concerned about what she'll do next," the insider explains. "Neither of them wants to end their marriage, but they need to seriously figure out a way to fix it before it's too late."

SUSAN SCHNEIDER WILLIAMS

Susan Schneider Williams lost her husband through a shocking and emotionally charged event she was not given time to grieve her loss

Grief And Anger

Robin updated his will after marrying third wife Susan in 2011, entitling her to his “personal collection of knickknacks... not associated with his famous persona,” her papers claim. She says that his kids’ attempts to claim items of their dad’s in her home have been invasive — and have disrupted her grieving process.

Robin Williams

**ROBIN'S
WIDOW
VERSUS

FAMILY

SUSAN WILLIAMS HAS ENTERED INTO A LEGAL BRAWL WITH HER LATE HUSBAND'S THREE CHILDREN OVER HIS WATCHES AND COLLECTIBLES.

THE day before his tragic suicide, Robin Williams became extremely agitated over his expensive wristwatch collection. After stashing several of his most prized timepieces in a sock, he stole out of the Tiburon, Calif., home he shared with his wife, Susan — and left them at a nearby friend's house for safekeeping.

While Robin's obsession with his watches was viewed as bizarre behavior at the time and indicative of an

increasingly debilitating paranoia that was tormenting the star, Robin's watch collection has oddly resurfaced — at the center of a massive legal battle between Susan and his three children.

KEEPSAKES AND EMOTIONS

In a recent court filing, Susan charges that her late husband's children, Zachary, 31, Zelda, 25, and Cody, 23, “unilaterally removed” Robin's things from his and Susan's home in Tiburon, Calif., only days after the actor was found dead on Aug. 11.

At issue were the watches — plus several other memorabilia collections — that Susan believed had been intended for her.

Angered and, as they put it, “heartbroken,” the children filed a countersuit, maintaining that they have not removed anything from the Tiburon house — and arguing that their father specifically wanted them to have his collections, which ranged from anime figures to theater masks to his beloved watches. “They don't understand why Susan is doing this,” says a source close

The true facts of the matter tell a very different story. In reality, Petitioner refused the Trustees access to the marital residence located in Tiburon, California (the "Tiburon Residence") for almost three months.

What's Fair Is Fair

"They'd understand it more if she went after money and the homes rather than the collections, which they helped their father build long before Susan came into the picture," says a source of Robin's children. "Those things mean more to them than they could ever mean to her."

AT WAR!

to the family. "As if it isn't hard enough to lose their dad, now they feel they are being forced to part with so many of the other memories he left to them."

TRUST ISSUES

While it's common for new spouses and children to argue over a loved one's estate, this is an especially ugly battle — mainly because the children claim to have been blindsided by Susan's court filing. Since Robin had set up a trust for them prior to his death, naming them beneficiaries of his \$29 million home in Napa, Calif., as well as the bulk of his reported \$50 million estate, including awards, memorabilia

and jewelry, they assumed they could take their father's collectibles without being questioned. As the insider points out, Susan is cared for under the terms of their prenup — and they've made no attempt to wrest it away from her.

"The children want their dad's wishes to be taken seriously," says the insider of the beloved comic, who had been married to Susan for three years. "A lot of this stuff is from their childhood or before he married Susan. It means so much to them, and they're confused about why she won't just let it go."

For her part, Susan argues that, as the owner of the Tiburon property, she is

entitled to everything inside it. "Any other interpretation would lead to Mrs. Williams' home being stripped while [she] still lives there," her attorney states in the papers, which also claim that Susan "was not given time" by the children "to grieve her loss."

Yet the children allege that, during the three months they were banned from the house, Susan was able to put aside her grieving to implement a \$30,000 renovation on the house — and to get Robin's collections appraised. "Robin went to great lengths to ensure his loved ones wouldn't fight when he was gone," says the insider. "He would be so sad about this." ★

ONE KILLED,
FIVE INJURED

Tragedy On The PCH

Besides ending the life of a Calabasas resident, the crash seriously injured adults and children. "My heartfelt and deepest sympathies go out to the family and loved ones and to all of those who were involved or injured in this terrible accident," Bruce said.

MOMENT
OF IMPACT

Bruce's Car Crash

FATAL DISTRACT

A photograph of Bruce Jenner wearing a blue long-sleeved shirt, a dark baseball cap, and sunglasses. He is standing next to a dark-colored car, looking off to the side with a serious expression. The background is slightly blurred, showing what appears to be a parking lot or street scene.

Endless Nightmare

"Bruce knows this isn't going to just go away," says an insider of the devastating Feb. 7 car crash. "This accident is something that will haunt him forever."

JUST AS NEWS ABOUT HIS GENDER TRANSFORMATION GOES PUBLIC, AN EMOTIONAL BRUCE JENNER IS INVOLVED IN A CAR CRASH THAT RESULTS IN THE DEATH OF A KARDASHIAN NEIGHBOR.

TRANSFORMATION?

It should have been a time of positive change and new beginnings. Yet days after the news became official that he's transitioning into a woman, **Bruce Jenner** found himself at the center of unspeakable tragedy when he got into a horrifying car crash that resulted in a 70-year-old woman's death. "Bruce feels like he's in a nightmare that won't end," says a source of the Kardashian clan patriarch, 65, who hasn't been able to sleep since the crash, which took place on Malibu's Pacific Coast Highway on Feb. 7. "He feels absolutely terrible that someone lost her life. The crash keeps replaying in his head, and he just keeps asking himself what he could have done differently. He doesn't know how he lived, but someone else died."

While Sgt. Philip Brooks from the Malibu/Lost Hills Sheriff Station stated that Jenner "did not appear intoxicated or under the influence of anything at the time," cops reportedly believe the Olympian, who has hired a criminal defense lawyer, may have been following too closely. Though unlikely, Bruce could possibly be charged with vehicular manslaughter.

A TRAGIC PILEUP

The multicar collision occurred at noon, when a Prius stopped in the middle of the highway for unknown reasons. After a Lexus rear-ended the Prius, Bruce then rear-ended the Lexus, sending it into oncoming traffic. The Lexus' driver, a neighbor of the Kardashians in Calabasas, Calif., named Kim Howe, lost her life after getting into a head-on collision with a Hummer. And, while Bruce was unharmed, five more people, including small children, were hospitalized with injuries.

Bruce was — and is — devastated. Explains the insider, "He feels terrible because he's the one who rear-ended the person who was ultimately killed."

Shortly after the accident, Bruce volunteered to take to a field sobriety test, as well as a

blood test to check for alcohol and drugs in his system — reportedly informing police that he was taking hormones prescribed by his doctor ahead of his gender-reassignment surgery. While no search warrant had been issued to check if Bruce had been texting at the time of the accident, Bruce said in a statement, "I will continue to cooperate in every way possible." Shown driving while holding what appeared to be a cigarette in photographs taken moments before the accident, Bruce will probably never get over the horror of what ensued. "It is a devastating tragedy," he said in the statement, "and I cannot pretend to imagine what this family is going through at this time. I am praying for them."

THE AFTERMATH

As traumatic as the accident was for all involved, the insider says that Bruce has been alarmingly upset. "His body chemistry is out of whack because of the female hormones he's been using, which are known to make you emotional in general," the insider explains. "Plus, he's also been through so much psychologically during this transitioning journey. His loved ones are very worried about him."

Indeed, prior to the accident, Bruce had been on something of an emotional roller coaster, with news of his transition finally becoming official. While many of his family members — including his mother — came out in support of his decision, his ex-wife, **Kris**, reportedly claimed she'd been blindsided by the news. As *Star* previously reported, numerous sources insist that Kris knew about Bruce's desire to become a woman when she married him — and is now lying to protect her image... something Bruce is finding it difficult to cope with.

The car crash sent him over the edge — and family members have taken notice. Bruce's sons **Brody** and **Brandon** are "watching him around the clock," the insider says. "He is in an extremely depressed state. It's frightening." ★

UN-*Presidential*

THE CONEHEADS

They were just a family of illegal aliens — of course, from the planet Remulak. But it didn't matter if Dan Aykroyd and Jane Curtin's classic characters mixed beer with Tang or, um, had huge cones on their heads, no one noticed.

D**K IN A BOX GUYS

Following the original *SNL* short "Lazy Sunday," this music video, starring Andy Samberg and Justin Timberlake as two creepy dudes who put their junk in a box, became one of the Internet's first viral videos.

GERALD FORD

Chevy Chase's klutzy take on the short-term Prez may have been more famous than the man himself.

RONALD REAGAN

Despite the Gipper's laid-back persona, Phil Hartman played him as a hard-charging multitasker.

GEORGE BUSH

It wouldn't be prudent at this juncture to mistake Dana Carvey's goofy impression of the elder Bush for the real deal.

BILL CLINTON

The Monica Lewinsky scandal was an *SNL* boon, and the man behind the horndog-in-chief was Darrell Hammond.

GEORGE W. BUSH

Will Ferrell had a "strategically" dim take on W.

BARACK OBAMA

Current cast member Jay Pharoah does a too-cool-for-school impression of the Commander in Chief.

WAYNE & GARTH

The goofy teens who loved to party on — played by Mike Myers and Dana Carvey — became one of the longest-running sketches in *SNL* history and spawned two movies. Schwing!

JIMMY FALLON
1998–2004

EDDIE MURPHY
1980–1984

BILL MURRAY
1977–1980

KRISTEN WIIG
2005–2012

CHRIS ROCK
1990–1993

TWO WILD AND CRAZY GUYS

They could party with sexy ladies all night, if any ever agreed, but the disco-loving Czech brothers played by Dan Aykroyd and Steve Martin always managed to have a swinging good time.

CHURCH LADY

Wonder who thought Dana Carvey's judgmental talk show host was one of the funniest characters ever? We don't know... could it be... SATAN?

MATT FOLEY

Chris Farley's motivational speaker, who lived in a van down by the river, was a whirling dervish whose pratfalls usually ended in broken furniture.

SNL Turns 40!

STEFON

There've been plenty of memorable Weekend Update guests through the years, but few were as laugh-out-loud funny as Bill Hader's freaky clubgoing New York City ambassador.

DEBBIE DOWNER

Everyone has a negative pal — and now they have a name, thanks to Rachel Dratch's sad sack who liked to interrupt laughter with talk of juvenile diabetes and feline AIDS. Waa waaa!

TRAGIC Deaths

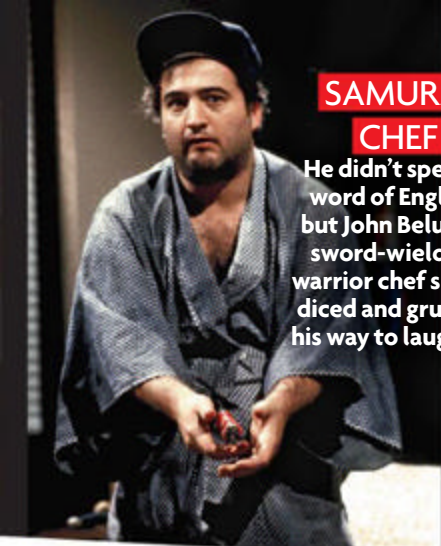

THESE BELOVED
CAST MEMBERS'
LIVES WERE
CUT SHORT.

JOHN BELUSHI 1949–1982

After four years on the show, the notorious bad boy was enjoying breakout success with *Animal House* and *The Blues Brothers* — but he succumbed to drug addiction and overdosed at Chateau Marmont.

GILDA RADNER 1946–1989

The original cast member best known as Roseanne Roseannadanna died after a three-year-long battle with ovarian cancer.

SAMURAI CHEF

He didn't speak a word of English, but John Belushi's sword-wielding warrior chef sliced, diced and grunted his way to laughter.

SWEENEY SISTERS

Jan Hooks and Nora Dunn made this pair of old-standard-singing and often cackling lounge singers unforgettable as they would weave stories about their lives in between spirited tunes.

PAT

No one ever found out if the gender-neutral, um, person played by Julia Sweeney was a man or woman. But what worked for *SNL* was a bust at the box office, as a movie version of Pat bombed.

RANDY QUAID, ANTHONY MICHAEL HALL, JOAN CUSACK AND ROBERT DOWNEY JR.

As part of a brand-new cast in 1984, these already-established actors didn't quite live up to the hype — and only lasted one season.

SARAH SILVERMAN

Today she's one of the hottest women in comedy, but she rarely made it on the air during her lone season in 1993.

SPARTAN CHEERLEADERS

They have spirit, yes they do! Will Ferrell and Cheri Oteri's superenthusiastic cheerleaders put a big E in earnest.

BEN STILLER
As a writer and performer in 1989, Ben left after just four episodes because producer Lorne Michaels didn't want to run Ben's short films.

BUCKWHEAT

'Memba him? Eddie Murphy took the little-known Little Rascal and made him his own, highlighted by the classic "Who Shot Buckwheat?" episode-long series of sketches.

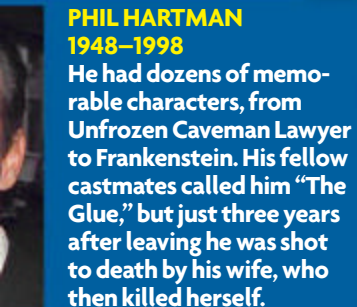

JUSTIN BIEBER

Current cast member Kate McKinnon has the baby-faced bad boy singer's moves down pat, making his recent Calvin Klein underwear commercials fodder for spot-on satire.

JULIA LOUIS- DREYFUS

Before she won Emmys for *Seinfeld*, *The New Adventures of Old Christine* and *Veep*, she was a rarely featured cast member over three seasons.

PHIL HARTMAN 1948–1998

He had dozens of memorable characters, from Unfrozen Caveman Lawyer to Frankenstein. His fellow castmates called him "The Glue," but just three years after leaving he was shot to death by his wife, who then killed herself.

JAN HOOKS 1957–2014

As part of the *SNL* renaissance of the late '80s, Jan played everyone from a sexy waitress to Tammy Faye Bakker. She died of cancer just last year.

CHRIS FARLEY 1964–1997

The baby-faced star was a brilliant physical comedian who literally threw his weight around (see his motivational speaker and Chippendales sketch). But his hard partying got out of control, and he died of a drug overdose.

SMASH AND THE

FINALE WILL BE
BIGGER THAN EVER!

THE FORMULA FOR SUCCESS

"There's a level of hatred I've never seen," ringmaster **Donald Trump** said of his seventh-season cast. All that fighting has led to huge ratings for the NBC hit — and a whopping \$15 million raised for the celebrities' charities. The Donald will name the winner, whose charity will get an extra \$250,000 during the live, two-hour finale, airing on Feb. 16.

"THIS

Celebrity Apprentice

DOMINATING THE COMPETITION!

THE CRAZIEST KENYA MOMENTS!

The *RHOA* star managed to insult, humiliate and intimidate most of her castmates.

MALICIOUS TWEETS

In a task that involved showcasing the perfect backside, **Kenya Moore** refused to allow Vivica A. Fox to participate. "Kenya said I'm too big to be in the shot," Vivica fumed, while Kenya threatened that if Vivica threw her under the bus she would "pick up the bus and drop it on her several times...." Then it was revealed that Kenya may have stolen Vivica's phone and tweeted (as Vivica), "This menopause is killing me I can't think straight!"

Leeza is playing for her charity Leeza's Care Connection, which aids families of Alzheimer's patients, while Geraldo competes for Life's WORC, an organization that helps treat the developmentally disabled.

Celebrity Apprentice Finale

Airs Monday, Feb. 16, at 8PM on NBC

UNIVERSAL SOLDIERS

The penultimate episode had plenty of surprises, including a boardroom elimination in the first few minutes, when **Vivica A. Fox** was fired after she admitted that **Leeza Gibbons** was more deserving than she was. Then it was down to two: **Geraldo Rivera** and Leeza. Their challenge is a combination of creative marketing and fund-raising, to come up with a 90-second commercial for Universal Orlando Resort and sell 10 resort vacation packages for as much money as they can. Leeza's theme is magic, and her presentation will be aided by her good friend **Olivia Newton-John**, while Geraldo's Hero Inside You spot will feature singing by himself and his teammates. Geraldo and Leeza will present their commercials during a star-studded live event in New York City to determine the winner and who will be named the next *Celebrity Apprentice*.

TEAM LEEZA

Kevin Jonas directed Leeza's commercial, while Brandi Glanville and Johnny Damon were less than helpful.

TEAM GERALDO

Fired contestants Vivica A. Fox, Ian Ziering and Lorenzo Lamas joined the famed newsman, who took on Harry Potter for his presentation.

TEAMWORK?

During her reign as project manager, it got downright vicious between Kenya and **Kate Gosselin**. "I have never been on a team with someone and they make you feel so uncomfortable, like they would stab you in the back in a heartbeat," Kate said of Kenya soon before she got fired.

BRANDI GOT RANDY WITH A MODEL

ROCK-HARD ABS

Kenya called **Brandi Glanville** "dumb as rocks." Brandi countered that Kenya is "evil." When Kenya offered tips during a sexy photo shoot on how to make her rear end look better, the fellow *Real Housewife* fired back: "My butt is real, unlike hers, and it's not gonna pop no matter what, but it's cute!" At least Kenya's critiques didn't seem to faze Brandi, who wasn't shy about showing off her body when she stripped down to her slinky undies for a risqué *Cosmopolitan* magazine fitness spread.

Double Takes

Some stars rock in their frocks, while others just don't make the copycat cut!

Rocked It!

Kate Hudson

We're seeing big stars...wearing Big Star! Both celebs wore the brand's bleached jeans with casual pieces. Kate's outfit — with heeled tan boots and a sweater draped over her shoulders — shines brighter than Kristen's, whose styling of sneakers and a white tee is more expected.

Kristen Stewart

Rocked It!

Darby Stanchfield

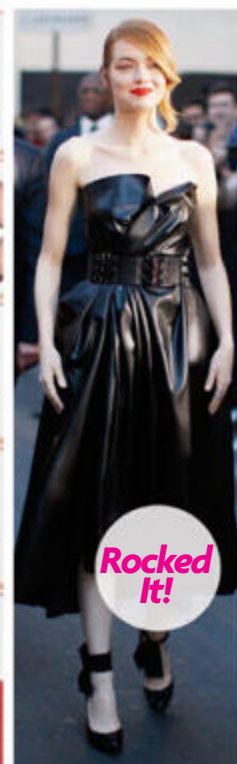

Peyton List

Two actresses in the same outfit: What a Scandal! Darby and Peyton both look polished in this Shoshanna frock, but Darby stepped it up with sandals that give it an edgy touch.

Paloma Faith

Rocked It!

Emma Stone

We bet Paloma had faith no one would wear this faux-leather Lanvin dress better than she did — but Emma gave the ensemble a lovely touch with ribbon ankle-strap pumps.

Cameron Diaz

Elle Macpherson

**Rocked
It!**

We're jumping for joy: Cameron and Elle were both spotted in this playful Stella McCartney jumpsuit! While Cameron's onesie appears to be a little baggy for her figure, Elle's fitted cut and statement add-ons give it feminine flair. The 50-year-old supermodel struts with sass, knowing her bold fringe jacket makes her look on point.

StarSTYLE

George displays his first collection, full of pieces in bright patterns and bold colors.

GEORGE KOTSIPOULOS

THE stylist has an eye for design! In celebration of the Feb. 13 launch of his nine-piece collection for QVC, GK George Kotsiopoulos, the fashion expert gave *Star* the scoop on his line, his fave picks and how it felt to design clothing for women.

What inspired you to create this collection?

Fashion is not something to fear, and I plan to make it user-friendly. It was important to me to create a collection that was all-inclusive, regarding size.

Which are your favorite pieces? The high-low layered top was made as the perfect underpinning, but you can also wear it on its own. Also, the mixed-media bomber jacket plays with the athleisure trend — sporty, casual and chic!

What was the design process like?

It's much slower than styling! With styling, you get instant gratification, but from conception, sketches and production samples to fittings, there were many steps.

Who do you see wearing the line?

I'd love to see everyone from Emma Stone to Rebel Wilson in my clothes, but I'd be honored if a woman on the street used her money to purchase something I made.

- Prep damp strands with a volumizing spray that has conditioning benefits. You want them to feel soft and move freely.
- If your hair is dry and damaged, apply a nourishing oil to the ends. The key to this look is leaving them straight, and you don't want them to be brittle.
- Using a flatiron with rounded edges, take one-inch sections and pivot your wrist 180 degrees to the left, right and back left. Start the movement away from your roots, down by your temples, to keep it flatter at the crown.
- Finish by spritzing a flexible, brushable hairspray to set your style.

Q&A

Jamie Dornan

The sexy star of *Fifty Shades of Grey*, on the controversial role that will make filmgoers swoon!

IT'S one of the most anticipated film adaptations of all time. And when the erotic thriller *Fifty Shades of Grey* unspools on Valentine's Day, if it's anywhere near as hot as the book trilogy, which has sold over 100 million copies, then steam may pour out of the theaters. It stars Northern Irish model-turned-actor **Jamie Dornan**, 32, as the very sexy and even more kinky billionaire Christian Grey, who seduces young journalist Anastasia Steele (**Dakota Johnson**) into indulging in very risqué BDSM bedroom activities. The father of one speaks about taking on the iconic role and how his wife, actress **Amelia Warner**, reacted to it.

When did you decide to go from modeling to acting?

I've never felt massively satisfied from standing there while someone takes my photograph. But when you're in your 20s, and people give you a silly amount of money to lean against a wall, then, f**k me, you've got to do it!

How will people react to the movie?

I know it's going to be a controversial film, but I don't think it's antifeminist, as some people have been insinuating. The sex and the relationship [between Christian and Anastasia] is all consensual and contractual.

What drew you to the role?

I like playing characters who are fractured and broken. I find that more relatable. It's exciting to play such strong characters, and, in fact, nothing scares me. It's part of the job and that's what makes it fun.

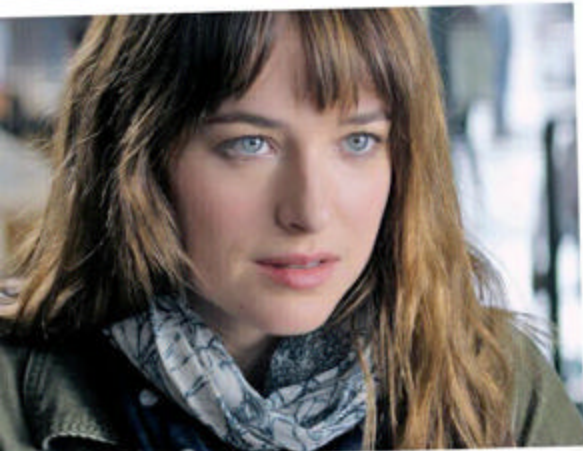

How did you convince your wife that you should play Christian?

My wife is a brilliant, hugely understanding person. Plus, she was an actress for 10 years, so she's aware of what it's like. A lot of people would have had a fit at thirtysomething weeks pregnant, hearing, "Darling, we're going to Vancouver this week for four months — we're going to have a Canadian baby, and I'm going to do a film where, for parts of it, I will be naked." That's a tough pitch, but my wife is an incredible person! ★

MR. GREY WILL SEE YOU NOW

Jamie shows why his modeling moniker was the *Golden Torso* in this scene with costar **Dakota Johnson** in the sexy film based on the book by E.L. James.

Zero shades of guilt.

20 grams of protein. 0 grams of sugar. 0 guilt. **thinkThin.** **thinkPositive.**

Look for us in the energy bar aisle.

→ KINGSMAN: THE SECRET SERVICE

Director **Matthew Vaughn** (*X-Men: First Class*) takes on a different kind of comic book — one about a secret (and private) spy service in London. It operates independent of any government and models itself after King Arthur's Round Table. When a Kingsman dies while investigating a scheme involving a massive human extermination, it's up to Galahad (**Colin Firth**) and his new bad-boy recruit, Eggsy (**Taron Egerton**), to save the world from a crazed billionaire (**Samuel L. Jackson**). Like an old-fashioned James Bond tale filtered through a Hong Kong action sensibility, this movie features supercool gadgets and stunning (and often gruesomely bloody) fights. How bloody? There's a female assassin with blades for legs who puts them to good use. Here's a film with surprises, thrills and **Michael Caine**. What else could you want?

LONG STORY SHORT: A royally fun action flick.

MOVIES

→ WHAT WE DO IN THE SHADOWS

This mockumentary follows a group of New Zealand vampires and revels in dry humor, even when the screen is awash in squirting blood. Served with a straight face, it focuses on roommate issues like the chore wheel. "You haven't washed the bloody dishes in five years," one complains — and the camera cuts to a stack of dishes dripping with blood. There are also generational jokes, with 800-plus-year-old Vladislav (**Jemaine Clement**) being more old-fashioned than 160-year-old Deacon (**Jonathan Brugh**). The comedy may be too subtle for some, but you'll be giggling if you're on their wavelength.

LONG STORY SHORT: A horror comedy with teeth.

TV

→ THE ODD COUPLE

Premieres Thursday, Feb. 19, at 8:30PM on CBS

You know the story: Oscar Madson (**Matthew Perry**) is a divorced sports commentator; his college pal, Felix Unger (**Thomas Lennon**), is a sad sack whose wife has thrown him out of the house. So Oscar lets him move in. There's just one problem: Oscar is a slob and Felix is obsessively neat. Perry and Lennon have great chemistry, and Lennon, in particular, seems to be channeling both Jack Lemmon and Tony Randall (who made the role stand out in the hilariously funny movie and TV series, respectively). The best jokes in the pilot spring directly from **Neil Simon's** original 1965 play, and this remake works because the material remains strong and the performances are spot-on. That includes the stars and a strong supporting cast made up of **Wendell Pierce**, **Yvette Nicole Brown** and **Leslie Bibb**.

Vikings

Premieres Thursday,
Feb. 19, at 10PM
on History

THEY may not have pointy horns on their helmets (real ones never did), but on the epic series *Vikings*, getting impaled on a sharp object is a common problem. As the third season begins, *Star* spoke to hunky new cast member **Ben Robson** on his role and how to party like a Viking!

Did you watch the show before you got cast?

I was a huge fan, so when I landed the part it was quite an amazing moment. Doing the first read-through with all of my favorite characters and actors, and then going out for drinks and becoming very close friends with them was quite surreal.

Why is the show so popular?

It's about the primal things that people need to survive. Today we take for granted supermarkets and hot water, so there's a power to how much of a struggle it was. Until now, Vikings have only lived through history lessons, but there's something about their fearlessness and strength. They're a great part of history.

Tell us about your character?

I play Kalf, a trusted second-in-command to Lagertha. He's incredibly loyal, intelligent, very calculating and observant as well. But like every Viking, he's incredibly ambitious and wants to be recognized by the gods so he can fight alongside them in Valhalla.

What can we expect this season?

There are some of the most incredible battle scenes you'll ever see on TV. Continuous family trouble going on. And the main plot point is that Ragnar heads to Paris, which is supposed to be impenetrable to outside forces, but the Vikings come together to be the first people in history to take it down.

How hard is it to stop being a Viking at the end of the day?

There is some big facial hair on the show — you have hair extensions in and the rest of it, so when you're done shooting you do sort of stick out like a sore thumb. And after work on a Friday night, you might be downing beers like a Viking! ★

A Pill That Can Reshape Your Entire Body In 30 Days?

by Tiffany Strobel

As incredible as it sounds, groundbreaking research has just identified a compound that can not only help you lose weight, but can actually reshape your entire body, reducing waist size, hip size, thigh and buttock circumference, belly bulge, and... last but not least... cause a significant loss of actual fat mass from all over your body. Has the “miracle pill” finally arrived?

It doesn't happen very often, but every once in a great while a new weight-loss product comes along that really gets me excited. And, the fact that I get to tell you about it before Dr. Oz features it on his super-popular TV show is “icing

Additionally, with respect to time, researchers observed a significant effect on the hunger hormone ghrelin as well as on satiety and desire to eat. The end result was that the specialized compound was shown to cause a significant

the day with a smile on your face (another added benefit). This unique formula has been exclusively licensed to Bremenn Clinical under the trade name Vysera®-CLS. And trust me on this... once you start taking it and see how quickly it transforms your entire body, you'll be a believer, too.

“It's sort of like eating a whole donut, but only absorbing a fraction of the calories...”

on the cake!” The product is called Vysera-CLS, and, unlike your run-of-the-mill “diet pill” that merely helps you lose weight (while following a strict low-calorie diet), Vysera can actually reshape your entire body... dropping inch upon inch of unsightly fat from your waist, hips, thighs and tummy... even if you're eating more than 2,000 calories a day! Some people are calling it a “miracle pill.” However, this “miracle pill” is backed by serious clinical research published in the highly respected *British Journal of Nutrition*.

The Power to Reshape Your Entire Body

While you and I only care about results (and the results are incredible), the scientists I've spoken to are even more excited about how this compound works.

So here we go. In a randomized, double-blind, placebo-controlled clinical trial, study subjects took the compound along with their main meal of the day. Thirty minutes later, they had a significantly lower percentage of blood glucose increment from baseline, a smaller increase in C-peptide and, forty-five to one hundred twenty minutes after they ate, subjects also experienced a smaller insulin increase compared to placebo.

reduction in body weight, fat mass, BMI, adipose tissue thickness, and waist/hip/thigh circumference while maintaining lean body mass.

So Here It Is In Plain English:

People who took this incredible compound not only lost weight, but lost a significant amount of squishy, flabby, unattractive body fat from those hard-to-target places we all hate: our hips, thighs and butt. It also caused a significant reduction in the amount of fat around the waist (yes, that means you can start saying goodbye to your love handles), helping study subjects achieve that tight, sexy, firm figure we all dream of. And the best part? The compound did all this on 2,000 to 2,200 calories a day! In other words, without requiring anybody to follow a low-calorie diet or work out for hours every day! Think of it this way... it's sort of like eating a whole donut, but only absorbing a fraction of the calories. How's that for amazing? (Of course, we don't advocate eating a donut as a meal, and this example is used for illustrative purposes only.)

Where Can You Get It?

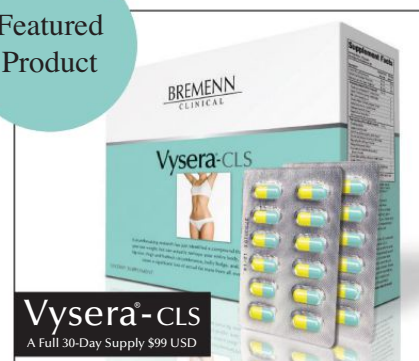

A company here in the USA has acquired the patented compound and added a proprietary mood-elevating, feel-good energy component to help eliminate diet fatigue and get you through

So What's The Catch?

It seems there's always a catch with “diet” pills... so what's the catch with Vysera? The price. A full 30-day supply of Vysera will cost you about \$100... in other words, don't go looking for it at your local Walmart. Vysera-CLS is currently available at all Ulta stores, Kohl's, and GNC. Over the next few months, it will be available on a limited basis at prestige retailers across the U.S. Having a hard time finding Vysera-CLS? Can't wait? You can order it directly from Vysera by calling 1-800-591-4574 or visit their website at VyseraCLS.com. Use promo code **VYSERA162** at checkout and shipping is free!†

THE PUZZLE PAGE THAT'S FUN FOR ALL!

Take this fun quiz to discover how mystical beliefs can reveal the worrisome side of your personality.

- 1.** You forget to pack a lucky charm before an important trip or event. Do you: (a) Go back home to get it. (b) Forget about it!
- 2.** You see a fortune telling sign at a carnival. You would: (a) Get a reading — ASAP. (b) Try it for fun.
- 3.** Do you knock on wood for luck? (a) All the time. (b) Nah, it's an old wives' tale.
- 4.** You accidentally shatter a mirror. You would: (a) Brace myself for bad luck. (b) Replace the mirror.
- 5.** You avoid chit-chat about good things that happen because: (a) I could jinx myself. (b) Bragging is a bad habit.
- 6.** How big an impact do horror flicks have upon you? (a) A lot — I'm impressionable. (b) Not much. They're just movies.
- 7.** Do you avoid travel on Friday the 13th? (a) Yes, not a good day. (b) Just another day.

MOSTLY A: Superstitions can sometimes get the better of you — but there are also times when you won't allow them to take over. You know that thinking positively and reducing stress are important to feeling your best. You won't think about the outcome of superstitions if you can chill out more often.

MOSTLY B: You believe that fate plays a big hand in what happens in life. You feel that there are alternative ways to deal with obstacles without being a superstitious worrywart. You always strive for a perfect balance between rational thought and gut intuition. You are logical and open-minded.

FITNESS SECRET

How does *Real Housewives of Atlanta* star **Phaedra Parks** stay in such great shape, especially while juggling a bustling legal practice, a book tour and the best-selling workout DVD series *Phine Body*? Phaedra has added Xenadrine to her diet and exercise routine: It provides a powerful weight-loss formula and an extra boost of energy that helps her take on her busiest days and gives her enough fuel for her workouts. Xenadrine is available at Walmart.

It's all right, 'cause *Saved by the Bell* had a hilarious reunion on *The Tonight Show*, thanks to Jimmy Fallon. Joining him at the picture-perfect reproduction of Bayside High were original cast members Mark-Paul Gosselaar (Zack), Tiffani Thiessen (Kelly), Elizabeth Berkley (Jessie) and Mario Lopez (A.C.), who all looked amazingly similar to their early-'90s teenage selves. Not faring as well: Dustin Diamond (Screech) and Lark Voorhies (Lisa), whose current personal problems made them unable to join in on the goofy sketch.

Fine collectible. Not intended for children under 14.

Honoring the spirit of one of the world's most valued coins!

The Indian Head Nickel is considered one of the nation's most beautiful coins and is a favorite among collectors. Minted for only 26 years—from 1913 to 1938—the Indian Head Nickel is extremely rare. Only 1 in 25,000 nickels circulating today is of the Indian Head type. Highly sought and prized by collectors, some of these coins are valued in the six figure range.

Hawthorne is now proud to present the exclusive *Spirit of the West Express—Silver Edition* that celebrates the centennial of this treasured coin! This handsome silver tone train features sculpted raised relief throughout of Indian Head Nickels lavished with gold & turquoise tone flourishes. Plus there are dramatic golden scenes of Buffalo and Native Americans on the plains. And this train highlights the famous buffalo portrait found on the reverse design of the Indian Head Nickel. This is a must-have heirloom-quality train that runs on any HO-gauge track.

An incredible train at an exceptional value.

Begin with the illuminating "Steam Locomotive." It can be yours for three easy payments of \$25.00*, the first billed before shipment. Subsequent shipments—each billed separately at the same low price—will be sent about every other month in addition to the track set, power-pack and speed controller that come FREE with Shipment Two—a \$100 value! You may cancel at any time and our best-in-the-business 365-day guarantee assures your satisfaction.

OOPS!

* Funniest Incident

The TSA doesn't care if you're a celebrity! After winning the Golden Globe for Best Actor for his portrayal of Stephen Hawking in *The Theory of Everything*, Eddie Redmayne got a swift dose of reality when he attempted to travel with the small trophy a few days later. When going through airport security, the actor says, it got flagged in the X-ray machine. "The agent asked, 'Is this real?' and I said, 'Yeah.'"

* Most Revealing Photo

Chrissy Teigen left little to the imagination when she posted this photo of herself to Instagram on Feb. 8. "Tried to think of something witty but basically just painting myself in makeup and wearing granny panties," she caption the pic. Thanks for sharing!

**BFFS

* BEST REUNION

Wilson! While attending a N.Y. Rangers game at Madison Square Garden on Feb. 4, someone tossed Tom Hanks a volleyball that resembled his sole companion from 2000's *Cast Away*.

* Weirdest Nickname

Katy Perry may be America's favorite California Girl, but in China she's been dubbed the "fruit sister." The singer's Chinese fans came up with the wacky nickname because they love her frequent fruit-themed outfits.

**IT'S

* MOST RIDICULOUS SPOOFS

After Iggy Azalea stepped out at the Grammy Awards on Feb. 8 with a bizarrely braided hairdo, the rapper became an instant Internet sensation, spawning a series of hilarious memes, including a bird's nest, cinnamon rolls and a woven basket.
